We blend manufacturing flexibility with a deep understanding of the global medical market. We know that in surgery, reliability is everything. That is why we are dedicated to delivering high-performance implants for Orthopedic Trauma, Spine, and Craniomaxillofacial (CMF) surgery that you can trust case after case.

Our goal is simple; to support healthcare providers and distributors with products that offer clinical excellence, reliable supply, and genuine economic value.

We have built our product line to meet the realities of modern surgical practice. Our core areas of expertise include:

Orthopedic Trauma - A complete range of locking plates, cannulated screws, and intramedullary nailing systems.

Spine - Comprehensive solutions including stabilization systems, PEEK cages, cervical plates, and disc prostheses.

Craniomaxillofacial (CMF) - Specialized plating and screw systems designed for precision in cranial and facial reconstruction.

Quality and consistency are the heart of our operation. Oltho operates under a Quality Management System certified to ISO 13485:2016. By using the latest production technology and strict control processes, we ensure every implant meets international regulatory standards and CE compliance. We ensure regulatory continuity and supply stability by maintaining our CE certification in accordance with the EU MDR extension.
